ENNOR predicts that the coming winter the warm, open and wer, with little or no switning the close of the year.

THE New York newspapers have got their war paint on in good style, and it is asserted that the Hersid will reduce its price to one

This ditches would not be polluted to any great extent if the city authorities would promptly enforce the penalties now provided for that purpose.

Tite Atlanta Constitution says "Roberon in the only Republican reformer with exacts to his gams. He makes no apologies, and asks for no quarter,"

MITCHELL and Sheriff had a price light a Long Island yesterday evening, and after half hour's fight, divided up into seven souls, the referee doclared the affair a tree and all beit off.

Mr. Banctera's comark that man's greatest riches were to be born without riches, affirds some consoletion to that vart army of news-paper and other patriots who have valuity tried to be heavet Vanderbilia.

Ms. Pett. Taustreon, member of Con-gress from the Eighth Kentucky obstict, has been figuring on the Speakership election. The House sizuois sty Lieuweras: to 132 Re-publicans. Of the 191 wates he gives Mr. Carlisle 91, and as confident of his election.

The Son Antonio, Son Angela, Colorado and Kannas City railmed is the newest proposition to advance our interests. Our penant roads not having any particular interest in that coming northwest of its, might not interpose any opposition to the scheme.

THENERS convicts, six white and seven collered, were publicly whipped at Newcastle, Del., the other day. It is an open question if it would not be small more to the interest of the public good if the whipping post, as a manus of panishment, was established in all

It is marten that within the past year the women of the United States have given the sum of \$500,000 for the payead of the genyel in heathen lands. Of this mount the Presbytetians gave about \$500,000, the Baptites \$156,000, the Congregationalists \$130,000, the Methodius \$135,000.

Haway Wasts liencines evidently har a firely commitmize of his experience with the lawyers, for every limit while during the curse of his lecture, would be interpolated a slight streamle allazion to the legal profession, and when he complimented them he did it with a mental inservation and a hidden sting.

The Kingston Beacon proposes to inaugurate a long-needed reform and publish the sames of parties who do not pay their subscriptions to the paper. The publishing of newspapers is gradually getting down to business principles, and the fellows who "take the paper just as halp it along" without paying for it will have to note.

THE Washington Republican says: "If Mr. Tilden was not a candidate for the presidency he would say so probably. The truth is he does not knaker after it dreadfully. The denial of his randidacy by others is a mean way of lighting him. Give the old man a chance. He still has that cipher, and the har'l is even more plethorfe than ever."

A warran who purposes to have given the object much attention, thinks that It will not a long before the Chinamen in this country fill control all products abjuged from China, specially teas. He says it is a mintaken less that those who accumulate wealth are king or sending it back home.

ALDERSAN LOCKWOOD builded more wisely for the public than his expected in his resolution on the dischesser quactum—that is a say through the influence of the Lister in selling straint to this little scheme. The subject is being thereughly discussed by the subject is being thereughly discussed by the subject is being thereughly discussed by that any and all propositions in the fature regarding the disches will be closely criticised, and they will never be made into severe in this skep and generation.

This Fort Worth Genetic, on the sidder of the small just can at the election on the considerational amendments, says: "With a suring population of glocop, goods overeigns of Texas were all who must enough interest in public affairs to vote on a proposition of expensional away been furthly disfraschized, as they without the stage significant the strictlement of personal factor of the strictlement of personal floating could not have been peaceably vestiment."

Total William Lawrence, First Compituder of the Tersony, says: "Twey period of predoction has seened prosperity, a sound currency, high public result, employment for expand and labor, indeparture excepts for all, and a steady offering in wealth and all their advances for material and mental and management of the seed of the confirment of our people. Every period of a low soil for revenue emby has beingth that for the seed for the confirment of confirment of the seed of

plityment, with, benkraptey and distress."

Can a new be libeful after he to dead? make the Globe-Democrar. George Tickmer Curds and others interested in the ammory of James Ilmhanas talls of ming a Roster paper for good, round distinges because it published a story to the effect, that the brooking after suggested for the effect, that the brooking after suggest of Lancaster, Pa., say look in 1815, was done to the fature Prevalent's unfinithalness. Mr. Carila has a good deal its sep about the untranspenser to her 'Life of Buchana,' in which he derlases it was distincted party was to finance. But the notion of using its entity courts the publishers of goodly true or fake, shout those who are deed and goons before other rehunds, is certainly unique. What a grief for the lawyers the cases of Jalius Corea and Nepoleon lamsparre, for instance, would be?

THE New York Sun gave this excellent advice to a farlier who asked the estimate to recommend a brook that he could give his sor, which would help in forming his character. The father inquired whether Lard Cheuter fall's latters would be a fit volume for the purpose. To which the Son answers in the regular, presouncing the author's meral standard low, his views of life cynical, and the tendency of the work to cultivate meraly the sziconal and stifficial rather than develop the best intrinsic qualities of a young measurement of the standard low, his views of life cynical, and the tendency of the work to cultivate meraly the sziconal and stifficial rather than develop the best intrinsic qualities of a young measurement of the standard for the same and the factors for the Nephew," also "Victor I Wakafedd" are strongly recommended; others from the well selected list-Carlyie's "Sertor Resatus," If the hop is serious and with faulties "Self Help," a book that sannot thin gots strength, and character to any young mind that reads it. If the choice is to be confined to one of those, "Self Help," would predainly be found to contain more than any single volume for a young impressionship mind.

Tree opening article in the september number of The American Counting Room is entitled "Office Arrangement and Architecture," and is especially descriptive of the handsome naw effices of Means: W. B. J. Sloane, at Breadway and Nineteenth street, New York Carp, "Co-operative Fire Insurance" is the title of a paper setting forth a proposed plan for economical insurance against loss by fire. "Advanced Matheda in Risk Book-Lenping," within most in a popular voin, which makes for sconomical insurance against loss by fire. "Advanced Mathods in Bank Book Acaping," in written upon in a popular vein, which makes it werfal to all who have dealings with a bank, and expectedly valuable to those engaged in the banking business. An article that will well spay a careful permal by employers, as well as the sumployed, as, "Emberdament and Acmontability." The introductory lecture delivered at the opening course on "Mescantile Francos," in the Whatton achool, university of Fernayleanis, forms the subject of a paper worthy of attention. The score is tile namber is entitled "At a Menting of Creditors." "Oxitich Francing in Southern Texas" transver consideration. The departments of Counting Boom Chats, and the Merchants Law Library, are both copine with needl information. "Only an Entry Chesk" is the subject of an illustrated poems. The usual reports of failures and sustgimments, trade reviews, markets and cachanges, tables of fursign mails, cable rates, etc., combine to make the number of the magazine a valuable adjucct to the bestness man and may be laid of news dealars.

Cause and Effect.

Cause and Effect.

Miss City Juneau,
At a late bour last night, while the patient
scribes of the Journal were collecting the
mess of both isensipheres for the deflectation
of their partners, they were supprised by the
advent of some symphathising fishends, laten
to the gunds with the good things of the
life, which they lost on time in setting before
the staff, the whole forming a lumpast worth
of the goods.

From the New York World.
The boun started in Chicago for Ful Sheridan for Fruidest has died out completely. It has leaked out in ome way that if Phillip is elected to the Presidenty he will employ his brother Miles between the increases and attend to the literacy feature of this administration. The has settled him.

Sixteen Hundred Trains a Day,
Al Choham Junction, where the great radical systems of London cannect, the rails lie begither like the wirss of a plano. Sixteen hundred trains a day run over them. There is no shrinking of shinkings of robins, they keep their signals for their citilials, and cutilders must expose themselves at their own risks. A timed-way for passengers connects the whole, so that no one is allowed to creat the whole, so that no one is allowed to creat the state accept the supplepers, who gue techhardy and now and then come to grief. On the average, one man is killed every six weeks.

the sweenge, one man is killed every ton sweek.

Classes in Northern Spain.

In Russia and Brazil. I noticed a common characteristic. There were only two classes of prople—the universal of the classes. In St. Futer-borg and Bite Janusco, or well as in the safer large tissues of these sun, sees, there were merchants, hankers, herekers, agents, manufacturers, and althous who essentiated a middle or third rias. Four cutrieds of the large cities that classes was hardly disc seriable, and in the country. If simpoposed contraly, The method of the state of the safety of the sa
